SIMPLIFY YOUR LIFE

La tecnologia che semplifica la vita

Crediamo nell'utilizzo consapevole della tecnologia, un'alleata per migliorare la qualità della vita delle persone. Sviluppiamo il concetto di well-tech nel mondo dell'abitare. Comfort, sicurezza, controllo ed esperienza sono le parole chiave che tracciano il nostro percorso, oltre il concetto di domotica, verso un autentico benessere abitativo. Siamo nati nel 2012, forti delle nostre esperienze nel settore dell'automazione industriale e dell'elettronica. Arricchendo questa competenza, maturata in oltre 30 anni, con la passione per il design, nasce il progetto Ekinex.

We believe in the conscious use of technology, an ally to improve the quality of people's lives. We develop the well-tech concept in the world of living. Comfort, safety, control and experience are the keywords that trace our path, beyond the concept of home automation, towards a true wellness of living. We were established in 2012, building on our experience in the industrial automation and electronics sector. By enriching this expertise, gained in over 30 years, with a passion for design, the Ekinex project was born.

ERA

BY MICHAEL VINCENT UY

ERA | SERIES

by Michael Vincent UY *Between design and technology*

ERA nasce dall'incontro tra design e tecnologia, tra emozione e precisione. Ogni elemento diventa parte integrante dell'ambiente che lo circonda, un unicum che connette funzionalità ed estetica. Le finiture sofisticate riflettono la luce in mille sfumature, trasformando ogni interazione in un'esperienza sensoriale unica.

ERA is the result of the fusion between design and technology, emotion and precision. Each element becomes an integral part of the surrounding environment, a unique combination of functionality and aesthetics. The sophisticated finishes reflect the light in a thousand shades, transforming every interaction into a unique sensory experience.

No speakers, just sound

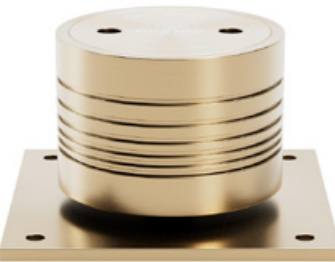

Chiudi gli occhi. La musica è lì, nascosta nella natura stessa delle cose. È il sussurro del vento tra i rami, il ticchettio della pioggia sul lago, il suono di pietra contro pietra. È il crine che vibra al tocco di un archetto. Lascia che queste vibrazioni ti avvolgano, con elegante discrezione, senza doverti chiedere da dove provengano. La magia del suono, la sua bellezza pura, è un segreto che vive nella materia, un'essenza che aspetta solo di essere rivelata.

Close your eyes. The music is there, hidden in the very nature of things. It is the whisper of the wind in the branches, the patter of rain on the lake, the sound of stone against stone. It is the horsehair vibrating at the touch of a bow. Let these vibrations envelop you, with elegant discretion, without having to ask where they come from. The magic of sound, its pure beauty, is a secret that lives in matter, an essence just waiting to be revealed.

REVÉLO | LIFT TV

The TV lift Made in Italy, Made in Ekinex.

Amiamo vedere la nostra serie preferita, le imprese sportive, le news appena svegli, ma vogliamo vedere il tv solo quando serve. Per questo motivo abbiamo creato una serie di sollevatori Made in Italy che ti aiutano a disporre meglio i tuoi spazi, dandoti l'opportunità di nascondere il televisore quando non è in funzione.

We love to watch our favourite series, sporting events, the news as soon as we wake up, but we only want to see TV when needed. That is why we have created a series of Made in Italy lifts that help you to better arrange your space, giving you the opportunity to hide the TV when it is not in use.

FINISHES & MATERIALS

Around customer needs

Proponiamo elementi distintivi che escono dagli schemi tradizionali per adattarsi o esaltare lo stile degli interni. I materiali e le diverse finiture interpretano con coerenza la personalità di ogni progetto. Scegliere tra la rigorosità del metallo o la sensazione tattile del Fenix NTM®, abbinare finiture opache o lucide, personalizzare con icone o testi: scelte personali fatte per creare un oggetto unico.

We propose distinctive elements that break out of traditional patterns to fit or enhance the style of the interior. The materials and different finishes consistently interpret the personality of each project. Choose between the rigorousness of metal or the tactile sensation of Fenix NTM®, combine matte or glossy finishes, customize with icons or lettering: personal choices made to create a unique object.
